## **CCTV, Alarm & Telecoms**

EXPERTS IN EFFECTIVE TELECOMMUNICATION AND SECURITY SOLUTIONS

**Client:** *Barlborough Medical Practice*

**Location:** *Barlborough, Chesterfield*

**Solutions Provided:** *Two site CCTV system with remote viewing & VoIP telephone system.*

Prior to taking over the role from the previous Practice Manager I was introduced to Andrew with a glowing reference from my predecessor, over the last year I can see why 1<sup>st</sup> Call come highly recommended.

Since taking over we have had various work done, adding a large screen to our training room, adding some more phones and upgrading the telephone system to add the ring back facility and integration with SystemOne.

Each job has been done efficiently and in good time and I have always been very happy with the price quoted and the honest advice given.

So impressed with the CCTV at the practice I have also used 1<sup>st</sup> Call to fit CCTV and an alarm system at my house, the work done there was first class with all cables hidden and no mess made.

I would have no hesitation in recommending 1<sup>st</sup> Call for work at your business or your home.

Adam Lovelock  
Practice Manager
